FOR IMMEDIATE RELEASE

Azle Composite Squadron Announces Next Cadet Great Start Class

AZLE, Tex. (July 27, 2021) –TX456, Azle Composite Squadron, Civil Air Patrol, announces their next Cadet Great Start class to begin August 17, 2021. Signups are required to ensure proper planning of resources. Interested teens may sign up through the squadron website [azle.cap.gov](https://www.azle.cap.gov), Facebook page <https://www.facebook.com/azlecap> or send the squadron an email at azle@txwg.cap.gov.

The Cadet Great Start program will give teens and their parents a comprehensive introduction to life as a Civil Air Patrol cadet. Previous graduates of the program when asked about their experience said they felt warmly welcomed by everyone and indicated their appreciation for the patience and leadership shown by the higher ranking cadets who taught many of the classes. They also mentioned having respect for the leadership shown by the senior members who were able to explain topics in more detail when necessary and keep the classes running smoothly and on schedule.

In the five week long course, prospective cadets are introduced to various elements of the CAP Cadet Program – Leadership, Aerospace Education, Physical Fitness, Character Development, and Emergency Services. Teamwork is a central theme of the class with many activities requiring the prospective cadets to work together – sometimes one on one, but sometimes in groups. In addition to these teamwork activities, they observe teamwork in action between the higher ranking cadets and senior members of the squadron.

From learning to wear the uniforms properly to interacting with other ranking cadets and senior members, teens emerge with self-confidence, goals, and equipped with the knowledge and skills necessary for completing their first Achievement, the John Curry award. Major General John F. Curry served as CAP's first National Commander in the early days of WWII. Under his leadership, CAP aircrews conducted missions of national importance including aerial search missions, border observation, towing aerial targets for the Navy, and searching for Nazi submarines. Earning the John Curry award signifies a cadet has displayed a positive optimistic attitude and is enthusiastic and team-oriented. Along with the award comes a voucher that may be used to purchase a cadet's needed uniform items.

By completing the Cadet Great Start program and its membership requirements along with achieving their first rank, cadets will be eligible for an orientation ride in a CAP aircraft with an experienced CAP pilot.

Established in 1941, Civil Air Patrol is the official auxiliary of the U.S. Air Force and as such is a member of its Total Force. In its auxiliary role, CAP operates a fleet of 560 single-engine Cessna aircraft and more than 2,000 small Unmanned Aircraft Systems (sUAS) and performs about 90% of all search and rescue operations within the contiguous United States as tasked by the Air Force Rescue Coordination Center. Often using innovative cellphone forensics and radar analysis software, CAP was credited by the AFRCC with saving 130 lives during the past fiscal year. CAP's 54,000 members also perform homeland security, disaster relief and drug interdiction missions at the request of federal, state and local agencies. As a nonprofit organization, CAP plays a leading role in aerospace education using national academic standards-based STEM (science, technology, engineering and math) education. Members also serve as mentors to over 20,000 young people participating in CAP's Cadet Programs Visit www.CAP.News or www.GoCivilAirPatrol.com for more information about CAP.
